PUBLISHERS' NOTE

The information in this directory is gathered by an actual house to house canvass, and is compiled in a way to insure maximum accuracy.

The Publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors and omissions, hence no responsibility for same can be or is assumed.

The Publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next Directory.

HENDERSON DIRECTORIES, LIMITED
PUBLISHERS

Introductory

The present volume constitutes the 1934 edition of Henderson's Directory of Edmonton. The work embodies a complete epitome of the civic, commercial, social and industrial interests and activities of the Municipality. It is a modern Directory in all respects and includes all the essential features which have proven so satisfactory to our patrons in previous issues. These have been retained and amplified and improvements have been added as suggested by experience in order to add to the value and usefulness of the Directory thus fully meeting the requirements of patronage and continued patronage accorded the work are constant incentives to better service.

The publication has had the benefit and advantage of the complete organization and resources of the publishers, and of the skill and experience of their corps of enumerators and compilers added to the courteous co-operation of citizens, in the production of the volume.

THE DEPARTMENT OF MISCELLANEOUS INFORMATION

THE DEPARTMENT OF MISCELLANEOUS INFORMATION is included in pages 17 to 48 and contains data concerning City, Provincial and Federal Government offices, commercial organizations, cemeteries, churches (denominational) and miscellaneous colleges and schools, hospital homes and asylums, building exchange and association, institutes and societies, libraries, military organizations, public schools, secret societies, etc.

THE STREET AND AVENUE GUIDE

THE STREET AND AVENUE GUIDE is embraced in pages 73 to 268. In this feature the names of all streets and avenues are arranged alphabetically and numerically giving the location number on the street and showing the occupant.

The intersecting streets are shown in the order that they come.

THE ALPHABETICAL DIRECTORY

THE ALPHABETICAL LIST OF NAMES of citizens, business firms and corporations covers pages 269 to 688.

THE CLASSIFIED BUSINESS DIRECTORY

THE CLASSIFIED BUSINESS DIRECTORY occupies pages 689 to 740, and exhibits the various manufacturing, mercantile and professional names, compiled under headings appropriate to the class of industry or profession followed.

ADVERTISING EDMONTON

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site, and as an educational centre. The Directory acts as a mirror reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country the publishers have placed copies of this issue of the Directory in the directory libraries where they are readily available for reference use by the public. There they serve as perpetual advertisements of Edmonton, for business men the country over realize that the City Directory represents the community as it really is.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves, their friends and their business interests for this Directory and also the public spirited and progressive business and professional men for support given in the way of patronage.

Respectfully, The Publishers

HENDERSON DIRECTORIES LIMITED.

Edmonton

miles below the site of the present Edmonton, beside Old Fort Augustus, built the previous year by the Northwest Fur Company. It was named after Edmonton, near London, England, by George Sutherland, the Hudson's Bay officer who built it because that was the birthplace of his clerk, John Pruden. In 1807 both Old Fort Edmonton and Old Fort Augustus were destroyed by the Blood Indians and both companies promptly built new posts—New Fort Edmonton and New Fort Augustus, on the bank of the river where the city stands today. After the amalgamation of the two great fur companies it became the principal fur depot of what is now known as the Province of Alberta.

From Fort Edmonton the windings of

flowed for hundreds of miles and never a float up or down stream but halted to trade beneath its wooden walls. Overland trails led southwards to the

the Athabasca River, the great fur-bearing country of the Cree, the Beaver and the Chipewyans.

Every spring the furs, the leather and the pemmican, gathered from a hundred points, were sent down the river to the fur factory and exchanged for goods needed in the fur trade.

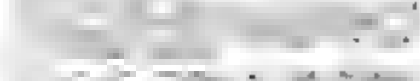

Today the trails are laid with railway lines and highways, while on the site of the old fort now stand the Parliament Buildings of Alberta and on the opposite bank of the river the magnificent buildings of the Provincial University. Around the old site in the most modern fashion paved streets, spacious parks, stores, houses, and factories have been built and the former fur post has

become an ideal from the standpoint of landscape beauty and as wealth and population increase. Edmonton will rank as one of the beautiful cities of the continent.

LOCATION AND ADVANTAGES

International ways via Jasper from Vancouver on Canadian Pacific.

rapidly increasing in population, wealth, and commerce at the present time.

the towns and villages of Northern Alberta. More the natural gateway to a

Peace, Slave and MacKenzie Rivers

to every mining camp, fishing station, fur post and trappers' cabin from Mc-

A CENTRE OF TRANSPORTATION

Always a centre of transportation, Edmonton has kept pace with the natural facilities of her location. It is the hub of the railway system of central Alberta. The transcontinental lines of the Canadian National and the Canadian Pacific pass through Edmonton and in addition, fourteen branch lines radiate from the city serving over 200 towns and villages. Rail connections with the Peace and Athabasca rivers open the way to 8,000 miles of lake and river navigation in Northern Alberta and the Northwest Territories.

The city is also an important highway centre. From the east gravelled highways connect Edmonton with Winnipeg, via Saskatoon or Regina. A gravelled road runs south to the Montana boundary, also to Banff and Waterton Lakes. Dirt roads have been constructed in Northern Alberta and the Peace River country. The scenic Jasper Highway from Edmonton to Jasper Park, 343 miles west, is nearly all gravelled, only 58 miles remaining to be completed.

Hotels and Accommodation

The city has numerous hotels, apartment houses and private boarding houses that cater to every class of tourist and traveller. The Macdonald Hotel built

famous chateaus of the Loire Valley in France, is one of the finest in Canada.

As befits a city serving so large a community, Edmonton's retail stores are large, numerous and well-stocked. They vie with thousands in larger and older cities in the display of things new and beautiful. They range from the big department store to the specialty shop and the modest corner store in the style of mercantile trade, led by the various wholesale and jobbing firms.

The Auto Camp, situated on the Edmonton-Calgary Trail, provides motor tourists with most of the facilities of a modern tourist camp—kitchen, laundry, etc. The Edmonton Division of the Al-

berta Chamber of Commerce office, McLeod Building, welcomes all motorists and gives touring information and other assistance free to visitors.

Parks and Recreation

Edmonton has plenty of places of interest both within and without its borders. The social side of life—sport and recreation—is fostered by many organizations and clubs. The theatres

give the public the best in moving pictures, vaudeville and road shows. Tennis, baseball, football, cricket and other games are well provided for either by special athletic grounds or in the several city parks. The principal parks are: Victoria, 200 acres; Riverside, 30 acres; Borden, 60 acres and Exhibition Park, 80 acres.

Edmonton's Annual Summer Fair draws thousands of visitors. Breeders of livestock from all over Canada and many states are regular exhibitors.

EDMONTON GOLF COURSES

Devotees of the royal and ancient game of golf find in Edmonton a perfect setting for their favorite out-of-door sport. The bright, pleasant days of spring and summer with their long twilight evenings provide ideal golfing even after the business of the day is

Edmonton Golf and Country Club. The Country Club course occupies a commanding situation on the banks of the Saskatchewan River, some eight miles south-west of the City.

Mayfair Golf and Country Club. The Mayfair course is beautifully situated in the valley of the Saskatchewan just beyond the University of Alberta.

The Municipal Golf Course, in Victoria Park, is one of the beauty spots of Edmonton. On the one hand rises the green slope of the valley on the other the Saskatchewan River winds through tree-clad banks. The valley with the bends of the river is forming a natural amphitheatre spot for a city's playground.

The Highlands Golf Course, at the east end of the City and the Prince Rupert Golf Course, the latter operated by the Hudson's Bay Company a mile from the centre of the City.

The Prince Rupert Golf Course, operated by the Hudson's Bay Co., close to the centre of the city is the latest addition and is becoming very popular.

MUNICIPAL SWIMMING POOLS

Edmonton is well equipped for safe outdoor bathing. Three modernly equipped swimming pools are in operation during the spring, summer and autumn months.

The pools are under the direct charge of the City Engineer. Each pool has a qualified swimming instructor. The water is filtered, heated and sterilized and bacterial tests are regularly made.

Kinsmen, every second Friday at Mac-
donald, at Corona Hotel.

All fraternal societies are represented by strong organizations.

EDMONTON CHAMBER OF COMMERCE

Edmonton has had a Chamber of Commerce for over 40 years. Information on all matters relating to the resources of the district, business opportunities, is freely given by a competent staff in the McLeod Building, opposite the Post Office.

A WHOLESALE AND JOBBER

The key position of Edmonton on the map of the Northwest and described above makes it an important distributing point for a large territory. From the earliest times it was a natural trading centre. In the days of the fur trade it was the principal point west of Winnipeg on the transcontinental route.

Saskatchewan River. From the Port of Edmonton via Fort Assiniboine, the goods for the Hudson's Bay posts west of the Rocky Mountains were regularly despatched. Today Edmonton holds an analogous position in the trade of Western Canada. Besides many independent local firms the number of wholesale houses includes branches of the most important firms of Eastern Canada and the United States, representing every branch of mercantile trading.

MANUFACTURING

In a city so young, manufacturing is naturally in the initial stages, but a splendid beginning has been made and

vast supplies of raw materials in the territory surrounding the city, its key position for distribution, and growing market at home and abroad form the basis of an assured industrial expansion. The dairy and meat industries are firmly rooted here and rank with any in the Dominion. During the last few years many industries have sprung up. Prominent examples are men's heavy clothing, fur garments, women's and children's wear, iron, steel, and sheet metal products, wire fences, furnaces, brooms, candies, biscuits, beer.

down sashes, doors, wooden boxes, cement, brick, paper cartons, etc.

The annual output of manufactured goods total about \$26,500,000 in 1932.

A GRAIN CENTRE

Edmonton is the centre of the grain trade for Northern and Central Alberta. A Government Terminal Elevator has storage capacity for 2,500,000 bushels, and most of the important grain companies of Western Canada, including the Wheat Pool, are represented on the Edmonton grain market. Most of the wheat inspected and marketed in Edmonton goes to Vancouver and Prince Rupert.

EDMONTON LIVESTOCK YARDS

One of the public terminal livestock markets of Canada is located at Edmonton and operated under government supervision. In 1932, livestock to the value of \$1,805,989 passed through.

of livestock go direct to the packing plants which are not included in the official returns.

AGRICULTURE

Among the Provinces of Canada, Alberta is regarded as one of the richest and most varied in natural, undeveloped wealth. Edmonton is the centre of the largest area of agricultural land of any city in Canada. Most of the land is still in the raw state, but annually over half a million acres of new land is brought under cultivation. The finest quality of wheat, oats, barley, and peas

Wheat grown in Northern Alberta has been winning prizes at world fairs since 1874. In that year, wheat grown by the

Roman Catholic Mission at Fort Chipewyan won highest award at Philadelphia. In 1893, wheat from Peace River won first at the World's Fair, Chicago. Herman Treble of Grande Prairie, has won twice in succession with wheat and oats at the International Grain Show, Chicago. In 1929 Mr. J. H. E. Smith, of Wolf Creek, 100 miles west of Edmonton, won the same distinction, and of Wembley repeated his former success that produce cereals of such high quality.

AGRICULTURE

Agriculture in the Edmonton District is rapidly along mixed farming lines. Edmonton is the heart of the dairy industry of Alberta.

In 1933 creamery butter production 17,000,000 pounds in Edmonton and northern Alberta cheese 850,000 pounds and ice cream 300,000 gallons.

COAL

The Coal of the National, the wonderful bituminous in new producing annually about 1,500,000 tons. The market for Alberta coals is steadily growing over the prairie provinces and into Ontario.

NATURAL GAS

Edmonton lies on the edge of one of the greatest natural gas fields in America. The field extends in a broad zone from the Peace River in a south-easterly direction across the province to the miles. The city is supplied with gas from the Viking field, 50 miles east, and some 2,000 houses in Edmonton are heated in this manner. Sixteen wells produce an open flow of 110,000,000 cubic feet a day.

OIL AND ASPHALT

Early interested in the Wainwright field, 120 miles east on the main.

structures have been designed. gas has been found in every well drilled in this area. Oil in quantity as high as 300 barrels per day has been found. It is believed there are two horizons here and that more and deeper drilling will discover larger quantities and.

SALT

Tributary to Edmonton are salt deposits sufficient to supply Western.

These deposits of McMurdo 100 square miles.

FISHING

The fresh water lakes of the Edmonton District provide a growing industry in whitefish and trout, and other com.

is carried on seasons. The output is sent to the United States.

TIMBER

The lumber cut in the Edmonton Timber Agency in 1933 was 48,819,353 feet B.M.

EDUCATION

Edmonton is the educational centre of Alberta. It is the seat of the Provincial University and has an excellent organization of primary and secondary schools. The University was founded.

PRIMARY AND SECONDARY SCHOOLS

There are forty-one Protestant schools for teaching the primary grades, and thirty-six Roman Catholic schools, including the work done in the convents. The needs for secondary education are met by six high Protestant schools and four Roman Catholic schools. This includes the Technical High School and the Commercial High School.

In addition there are a number of private schools and business colleges.

LIBRARIES

situated in the Parliament Buildings, contains 50,000 volumes, and is rich in works and documents relating to the early history of Western Canada.

HOSPITALS

Edmonton has four hospitals of the first rank—The Royal Alexandra (municipal) 350 beds, the General, operated by the Gray Nuns, 175 beds, the Misericordia, operated by Sisters of the Misericordia, 325 beds, the University Hospital under control of the University of 100 beds. In addition there is the Salvation Army Grace Hospital, and a

the sediments and deposits them on the bottom of the basin. Now the water is ready for filtering through sand and gravel beds which remove all traces of foreign matter and most of the bacteria (if present). Before the water is sent by high lift pumps into the mains it is treated with liquid chlorine in quantities proportioned to bacterial tests, which are made daily. By these means the water supply is clear and pure. The pumps have capacity of 28½ million gallons per day.

THE STREET RAILWAY

The street railway system commenced operation on November 3, 1903, with 12 miles of track and 2 cars. By 1914 trackage increased to 63 miles and rolling stock to 87 cars. Since that time there has been little expansion. By reason of the large area of the city and wide river valley, causing the line to be operated through non-populated districts, this utility has been the weak sister of the municipal group. Conditions, however, are improving and before long the street railway is expected to move over to the surplus column. Present mileage 66 miles.

TELEPHONES

Edmonton embarked in the telephone business January 1st, 1905, by purchasing the Edmonton District Telephone Company. In 1908 the Strowger Automatic system was installed and 800 subscribers cut over from the old magneto switch board. Since that time there has been an average increase of 700 telephones every year. By the end of this year most of the subscribers will be cut over to a new two-wire Strowger system, cost over \$500,000. The plant is now arranged on a 5-digit system with an ultimate capacity of 39,000 lines. Miles of wire, 67,285. 87 private branch exchanges, 4 private automatic exchanges, and 168 public pay stations.

GENERAL STATISTICS FOR 1933

Population	30,000
Bank Clearings	\$173,427,210
Net Assessment	\$66,756,000
Tax Collections	\$3,746,206
Gross Funded Debt	\$31,533,560
Net Funded Debt	\$15,121,930
Municipal Assets	\$31,797,682

WATERWORKS DEPARTMENT

Municipally Owned—Operated by Council and Commissioners.

Supply—Pumped from North Saskatchewan River at centre of distribution.

Electric and Steam Driven Pumps—Capacity low lift 35,000,000 gallons per day. High lift 35,000,000 gallons per day. Stand by steam 8,000,000 gallons per day.

Reservoirs—One and one-half million gallons capacity also 1,500,000 gallons capacity Sedimentation and Dorr Tanks mechanical clarifier and agitator tanks. Chlorine and Alum mechanical mixers and necessary buildings.

Purification—16 Roberts Mechanical Filters. Two 20" and one 20" direct high pressure feed mains to City.

Distribution System—Comprises 126 miles C.I. mains, 27 miles of wood mains and 56 miles of steel mains. Total mileage of Distribution System—209 miles.

Meters and Rates—80% of whole distribution system metered rates from 28c per 100 cubic feet down to 11c per 100 cubic feet—according to consumption.

Consumption—7,000,000 gallons per day. Domestic per capita consumption per day—62 gallons.

Total daily per capita 87½ gallons. Year's average normal increased consumption—2½%.

Henderson's Edmonton Street and Avenue Directory 1934

4da Boulevard

HENDERSON'S (1934) EDMONTON Allendale Subdiv 72

SPECIAL NOTICE

—The Symbol following the residence name, indicates that to the best of our knowledge someone living in the house is the owner.

—This Symbol indicates that a telephone is located at this number on the street.

This new Home Owners, Tenants and Phone Directory is compiled from information taken on a special house-to-house personal canvass. We do not guarantee to be absolutely correct in every detail, but we believe it to be very accurate and complete, as far as it has been possible for us to get the information personally from someone at each residence. Where occupants have been absent the owner's information has been left out.

ADA BOULEVARD

From eastern city limits runs west to Saskatchewan River.

**More than
ninety per cent. of
all advertising mediums
are discarded before
they're a year old**

After the new ones come out
your advertisement in the di-
rectory is still good, for old
directories are seldom dis-
carded while they hold to-
gether. Years later many of
these directories will still be
in active use. Your advertis-
ment is still in service

Do you want LONG-LIVED advertising?
